24 June 2020

Dear Parent/Carer,

Lockdown and school closures have affected children in many ways. Language is particularly important for learning and for socialising, so it is important to know of children's language experiences during these challenging times.

As parent or guardian of a child with English as an Additional Language, you are invited to complete a **short survey on language use in multilingual families during the pandemic**. The results will be used to provide better support for EAL children and their families.

The survey is open until the 30th of June. To participate, please go to <https://www.surveymonkey.co.uk/r/GNTVG6C>. There is a chance to win a £40 gift voucher for participating in the survey.

Yours sincerely,

Tina Smith
Headteacher
